* 710 *Q.*—Mr. M. DEVADASAN: Will the Hon. the Member for Revenue be pleased to state—

(*a*) whether the report called for by the Government in regard to the Tank Restoration Scheme proposals in respect of irrigation works

27th February 1934]

mentioned in a memorial to Government by the Tinnevelly District Association, dated 18th April 1933, has been received and whether the same will be placed on the table; and

(b) whether any action has been or is proposed to be taken in pursuance of the Tank Restoration Scheme proposals?

A.—(a) The report referred to has been received. It contains almost the same information as that contained in statement No. II which was placed on the table of the House with the answer to question No. 714, dated 20th March 1933. No useful purpose will therefore be served by placing the report on the table.

(b) The nine works mentioned in the memorial of the Tinnevelly District Association, dated 18th April 1933, will be taken up to the extent necessary when Tank Restoration Scheme operations are resumed. Meanwhile such repairs as are needed to keep the tanks and channels in a working order are being attended to by the regular Public Works Department staff.
